PROFESSIONAL SUMMARY

Motivated and enthusiastic B.Tech Computer Science and Engineering student with a strong interest in software development, databases, and practical problem solving. Possess foundational knowledge of C, Java, Python, DBMS, and NoSQL, with academic and personal project experience in hospital queue management and smart emergency coordination. Eager to strengthen practical programming skills, learn new technologies, and contribute to real-world software solutions.

TECHNICAL SKILLS

Programming	C, Java, Python
Databases	DBMS, NoSQL
Core Areas	Programming Fundamentals, Database Management, Problem Solving
Soft Skills	Teamwork, Communication, Adaptability, Quick Learning

PROJECTS & HACKATHON EXPERIENCE

Online Queue Management System for Hospital Management

A hospital queue-management project focused on organizing patient appointments and queue flow. The portfolio describes modules for patients, doctors, and administrators, with functionality including registration/login, appointment booking, token generation, queue tracking, doctor interaction, and appointment/queue management.

Focus: Hospital workflow, patient queue management, appointment handling, and database-oriented design.

Smart Ambulance Traffic Clearance & Emergency Coordination System

A web-based healthcare and smart-traffic management system designed to reduce ambulance delays caused by traffic congestion. It connects ambulances, traffic police, and hospitals through a common coordination platform.

Features: Live ambulance GPS tracking, smart route selection, traffic police dashboard, junction alerts, signal-priority simulation, dynamic re-routing, hospital notification, emergency priority levels, journey analytics, and multiple-ambulance support.

Technology / Intended Stack: HTML, CSS, JavaScript, React, Node.js, Express, Firebase, MongoDB, Google Maps API / OpenStreetMap, WebSockets.

CERTIFICATIONS

- NPTEL – Joy of Python
- Writex – English Language Certificate

EDUCATION

Bachelor of Technology – Computer Science and Engineering

Lendi Institute of Engineering and Technology (LIET), Vizianagaram, Andhra Pradesh

Intermediate / 12th – Narayana Junior College

Secondary School / 10th – Ravindra Bharathi Global School

CGPA: 8.14 / 10

Expected: 2028

Percentage: 95.1%

Percentage: 83.3%

CORE STRENGTHS

- Strong willingness to learn and adapt to new technologies
- Good foundation in computer science concepts
- Interest in software development
- Team-oriented and collaborative
- Problem-solving mindset
- Ability to learn independently
- Enthusiastic about building practical software solutions

LANGUAGES

Telugu, English

INTERNSHIP / EXPERIENCE

No internship experience yet.
